Mr. Haj Waleed Hamad,
Mayor, El-Bireh Municipality
El-Bireh, Palestine

Dear Haj Waleed:

The Friends Boys School has been very appreciative of the large dust bin placed in the school campus by the El-Bireh Municipality and emptied on a weekly basis. We have noted that the garbage of the school has increased in its volume that by the time the bin is collected, it is overflowing. Would it be possible for those responsible to empty the dust bin twice a week? We would appreciate this very much as we are working hard at having a clean campus and teaching our students the importance of cleanliness.

Thank you for looking into the above matter.

Sincerely,

Peter Kapenga
Deputy Principal
