Subject: Al Bireh Sewage Recycling Project

Dear Mr. Treish

We are glad to inform you that the Project proposal which was being prepared based upon the **workshop results** has now been approved by the Federal Ministry for Economic Cooperation (BMZ).

Prior to project implementation an "Implementation Agreement" has to be drafted and agreed upon by the Al Bireh Municipality and GTZ. This Agreement specifies the Project Concept and the Contributions of both parties. The draft agreement will be elaborated by GTZ and then submitted to you during the forthcoming weeks.

Lateron, after re-design of the treatment plant a "Financing Agreement" will have to be agreed upon, covering the financial contributions for the construction of the plant.

Shortly after signing of the Implementation Agreement the testing unit should be installed and operated in order to verify design data and treatment process. We assume that this could take place from April to June, approximately. Support in this effort will be provided by a GTZ short term consultant.

The project description as well as the workshop report will be mailed to you in due course.
