## «Al Karamah» Magazine

*Al Karamah* is a new German-language quarterly published in solidarity with the struggle of the Arab peoples and the peoples of the three continents generally. *Al Karamah* began publication this year, and we were pleased to receive the first issue. The main article is the first installment of a longer analysis which traces the historical development of the Palestinian liberation struggle, providing a good background for understanding the current situation in the PLO. Also included are several articles which expose the racism and class nature of the Israeli state, its role in Latin America

and relations with the South African regime. The issue brings an interview with Dulcie September of the ANC, and concludes with a cultural article about the writings of Ghassan Kanafani.

We thank the editors of *Al Karamah* for having placed an advertisement for *Democratic Palestine* in their magazine, and we would encourage all those who read German to subscribe to *Al Karamah*, by writing to: Redaktion *Al Karamah*, Postlagerkarte Nr.068294 C, 3550 Marburg / Lahn, West Germany. Each issue costs 3 DM; 10 copies can be obtained for 2.50 DM each.
